Applied Vision Invests Again in Global Customer Support

New offices bring exceptional automated vision technology service to France, Malaysia

AKRON, OH – October 26, 2011 – Applied Vision Corporation has opened new support offices in France and Malaysia per its continued pledge to provide international customers with stellar on-site service. The company's growing global network now encompasses more than 20 sales and/or support locations. Five new offices, including one in the UK, have been established in the past year.

- **Applied Vision Services France** provides customer support including on-site service, remote monitoring and diagnostics, and preventative maintenance planning. Contact Romain Maia by phone at (33) 6 7972-7681, or email romain.maia@appliedvision.com for more information.
- **Applied Vision Services Malaysia** affords Southeast Asia manufacturers the same suite of services. Contact Lucas Foo by phone at (66) 1 2735-8285, or email lucas.foo@appliedvision.com.

Alternatively, customers can call the Applied Vision service hotline at 866.348.2383. This all-inclusive service department is available 24-hours a day, 365-days a year to exceed customers' expectations for immediate, expert vision inspection system support.

Visit www.appliedvision.com to learn why Applied Vision has been a pioneering and innovative developer of machine vision systems for glass and metal container, cap and closure, mixed label and color decoration inspection for more than three decades.

About Applied Vision Corporation

Applied Vision Corporation designs and manufactures application-specific machine vision inspection systems for packaging, food and beverage containers and color printing. Applied Vision systems are sold worldwide through original equipment manufacturers (OEMs), value-added resellers (VARs), full-service distributors and company direct. For more information on Applied Vision's machine vision solutions, visit www.appliedvision.com.
