Applied Vision Increases Latin American Support

Two new offices established to directly serve Mexico and Central/ South America

AKRON, OH – January 14, 2014: Applied Vision Corporation has opened two satellite offices to support its increasing customer base in Mexico City and Central/ South America in São Paulo, Brazil.

“Our customers in Latin America now have local support,” said Jeff Hartung, Executive VP of Sales and Marketing at Applied Vision. “Without any language or geographical barriers, we can assist our customers in a timely manner.”

For more information about Applied Vision’s newest expansion, contact Kevin Grimley, Sales Account Manager, Mexico, Central and South America at kevin.grimley@appliedvision.com.

About Applied Vision Corporation

Applied Vision Corporation designs and manufactures application-specific machine vision inspection systems for the packaging, food and beverage container and color printing industries. Applied Vision systems are sold worldwide through original equipment manufacturers (OEMs), value-added resellers (VARs), full-service distributors and company direct. For more information on Applied Vision’s machine vision solutions, visit www.appliedvision.com.
